~~HARRIS~~

Dear Customer,

In an effort to streamline invoicing for both Harris and its customers alike, Harris is offering a reduction in next year's Software Maintenance cost. Any customer who is currently on a monthly billing cycle (12 invoices a year) and would be interested in moving to an annual cycle (one invoice per year) will receive a 50% reduction on the next scheduled increase.

The cycle switch will be at our customer's convenience and will coincide with either the next invoice, the next calendar year, or with the beginning of the organization's next fiscal period.

The reason behind this offer is one of simplicity. Harris is attempting to streamline in-house processes; by reducing the number of invoices created each month, there will be a reciprocal reduction in both materials and person hours spent creating them.

Should this offer suit your organization, please fill out the information below and return the form to Chad Boode in the Harris Finance Department.

Should you have any further questions or concerns, please don't hesitate to contact Chad Boode using one of the methods outlined below.

Annual Cycle start date: January 1 thru December 31, 2006

Hopefully this initiative will be well received and will benefit all parties.

Thank you for considering this offer.

Regards,
Cb
